Free Golf!

Welsh Golf Network

As a member of a forward thinking golf club which is affiliated to the Welsh Golf Network you can, as well as playing golf on your own course, enjoy a FREE round of golf at all other golf clubs participating in the network which, currently, is worth over £250 per annum at normal green fee rates.

In addition to this you will enjoy reduced prices (members guest rate) should you wish to subsequently visit any of the clubs again.

“worth over £250 at normal green fee rates”

To claim a FREE round at any of the clubs all you have to do is:

Telephone the club of your choice and book a tee time at a mutually agreeable time

Complete the voucher for that club (vouchers available from you own club)

Get the completed voucher signed by your club manager or professional.

Present the completed voucher to the professional of the host club on arrival.

If you are organising a golf day out See our special WGN rates on the back page

Please note:

The number of tee times available for WGN members each day is very limited and are available at the discretion of the host club. You cannot be guaranteed the exact date and time you may desire will be available so be flexible with the host club and always have an alternative date and time available.

As a WGN club member you will only be able to book one FREE tee time per day (for up to 4 players). In the event that you require 2 or more tee times then the host club will, subject to availability, offer you one FREE tee time with any subsequent tee times at member's guest rate.
